

It's almost spring and time to begin thinking about gardening. Ramon Godanic prepares the ground at Liberal's Community Garden on Pine Street. Liberal Parks and Recreation offers a Community Garden to give people the opportunity to grow their own fresh veggies. It is ideal for individuals, groups or a family who doesn't have adequate space in their own yard or just want to take advantage of this "pre-dug" opportunity to plant a garden. These 30' x 30' plots rent for \$15 each, which includes water. For more information, contact the Recreation Office at 626-0133.
