

By RACHEL COLEMAN • Leader & Times

With the question of who the district's new superintendent of schools will be wrapped up, the USD 480 board is set to meet at 6:30 p.m. tonight for a regular session. The agenda includes a mixture of routine and year-end items, including employment, resignations and transfers, renewal of various service contracts, and action on the negotiated agreement between the LNEA and the district. The board will also receive information about the district's sign language interpreter needs, ESL issues and new classroom needs for elementary schools in the district.

As always, the USD 480 school board agenda and related reports remains posted on the Internet, at www.usd480.net, under the "school board" tab.
