

- Special to the Leader & Times

It's almost spring and time to begin thinking about gardening.

Liberal Parks and Recreation offers a Community Garden to give people the opportunity to grow their own fresh veggies. It is ideal for individuals, groups or a family who doesn't have adequate space in their own yard or just want to take advantage of this "pre-dug" opportunity to plant a garden.

These 30-feet by 30-feet plots rent for \$15 each, which includes water.

For more information, contact the Recreation Office during regular business hours at 626-0133.
