

## Bee Jays prepare for landing

Wednesday, 11 June 2014 10:00

---

Members of the Liberal Bee Jays provided community service last week by helping prepare the Mid-America Air Museum for the landing of a donated FedEx delivery jet that will be used as a classroom to promote science and math skills to local and area students. The Bee Jay volunteers helped set up fencing for the public view area as the plane made its way to Liberal. Tonight, the Bee Jays land in Hays where they look to snap a three-game losing streak against the first place team in the Jayhawk League. L&T photo/Earl Watt
