BE Liberal begins grassroots effort to mobilize community

Be Liberal helps establish community vision statement
 By David ...
 A local group of citizens from a variety of backgrounds has begun a grassroots effort to establish a vision statement for the community. The group, known as the Be Liberal community vision statement, was formed in late 2012 and has since been working to develop a shared vision for the future of the community. The group's first major achievement was the creation of a vision statement that outlines the community's values, goals, and aspirations. This statement will serve as a guide for the community's future development and will be used to inform decision-making at the local level. The group is currently working to build on this foundation by developing a series of action plans that will address the community's most pressing issues. These plans will be developed in consultation with the community and will be implemented over the next several years. The group is also working to raise awareness of the vision statement and to encourage community members to get involved in the process. This will be done through a variety of means, including public meetings, workshops, and social media. The group is confident that this grassroots effort will result in a more vibrant and sustainable community for all.

Dual-language instruction may come to an end

Board contemplates whether program should continue
 By David ...
 A local school board is currently considering whether to discontinue its dual-language instruction program. The program, which has been in place for several years, allows students to learn in both English and Spanish. While the program has been popular with many parents and students, the board is now facing a decision on whether to continue it. The board is currently reviewing the program's costs, benefits, and impact on the school's overall curriculum. Some members of the board are concerned that the program is too expensive and that it may be diverting resources away from other important areas of the school. Other members, however, believe that the program is a valuable part of the school's curriculum and that it provides students with a unique learning experience. The board is expected to make a decision on the program in the coming months.

City seeking volunteers to help with Easter Bunny Festival
 The Easter Bunny Festival is one of the most popular events in the community. This year, the city is seeking volunteers to help with the festival. Volunteers are needed for a variety of tasks, including setting up and breaking down the festival grounds, providing information to festival-goers, and helping with the Easter Bunny parade. If you are interested in volunteering, please contact the city at [phone number].

Plains takes another step in gaining grocery store

By David ...
 The town of Plains is taking another step towards gaining a grocery store. The town is currently in the process of negotiating with a potential developer to build a new grocery store in the town. The store would provide a much-needed service to the community and would create jobs for local residents. The town is excited about the possibility of having a grocery store in Plains and is working to expedite the process. The town is currently in the process of reviewing the developer's plans and is expected to make a decision in the coming months.

The Town of Plains is taking another step in gaining a grocery store that would provide a much-needed service to the community.
