BE Liberal begins grassroots effort to mobilize community

By David Brown

When a local group of citizens from a variety of backgrounds and political persuasions get together to discuss a common goal, it is often the result of a grassroots effort. In the case of the Liberal, the group is the Liberal Citizens' Association (LCA), a grassroots organization that is working to mobilize the community around the issue of the Liberal's future.

The LCA was formed in 2011, and its members are currently working to establish a vision statement for the Liberal. The vision statement is a document that outlines the group's goals and objectives, and it serves as a guide for the group's actions.

The LCA's vision statement is currently under review, and it is expected to be finalized in the coming weeks. The vision statement will be used to guide the group's efforts to mobilize the community around the issue of the Liberal's future.

The LCA's efforts are being supported by the Liberal's Board of Directors, and the group is currently working to raise funds to support its activities. The LCA is also working to recruit new members, and it is currently accepting applications for membership.

The LCA's vision statement is a key document in the Liberal's history, and it is expected to play a significant role in the Liberal's future. The LCA's efforts to mobilize the community around the issue of the Liberal's future are a testament to the power of grassroots organizing.
