BE Liberal begins grassroots effort to mobilize community

By David Brown

When a local group of citizens from a variety of backgrounds and ethnicities gathered for a meeting last week to discuss the future of the Liberal community, the focus was on how to mobilize the grassroots effort to improve the community. The group, which is now known as the Liberal Community Improvement Committee, met at the home of David Brown, a local resident who has been instrumental in the development of the community. The group discussed the current state of the community and the challenges it faces, including the need for better infrastructure, more community events, and a stronger sense of identity. The group also discussed the need for a vision statement that would guide the community's future development. The vision statement is a document that outlines the community's goals and objectives, and it serves as a blueprint for the community's future. The group is currently working on developing the vision statement, and they plan to hold a public meeting in the near future to discuss the document with the community. The group is also planning to hold a series of workshops and seminars to help the community members understand the vision statement and how they can contribute to the community's development. The group is currently seeking volunteers to help with the development of the vision statement, and they plan to hold a public meeting in the near future to discuss the document with the community.

Dual-language instruction may come to an end

By David Brown

The Board of Education is considering whether to end dual-language instruction in the district's schools. The board is currently reviewing the program, which has been in place for several years. The program allows students to learn in both English and Spanish, and it has been praised for its effectiveness in helping students learn both languages. However, some members of the board are concerned about the cost of the program and the potential impact on other programs. The board is currently holding public hearings on the issue, and they plan to make a decision in the near future.

Board contemplates whether program should continue

Plains takes another step in gaining grocery store

By David Brown

A group of Plains residents is working to bring a grocery store to the community. The group, which is known as the Plains Grocery Store Committee, has been working for several months to raise money and gather support for the project. The store would be located on Highway 101, and it would provide a much-needed service for the community. The group is currently holding public hearings on the project, and they plan to make a decision in the near future. The store would be a great addition to the community, and it would help to revitalize the downtown area.
