BE Liberal begins grassroots effort to mobilize community

Rebert helps establish community vision statement

By Dan Smith

A local group of citizens from a variety of backgrounds and professions has begun a grassroots effort to mobilize the community around a common goal. The group, known as the BE Liberal, is currently working on a vision statement that will serve as a blueprint for the community's future. The group's efforts are being led by Dan Rebert, a local resident and community leader. Rebert has been instrumental in bringing together a diverse group of citizens who are passionate about the future of their community. The vision statement is expected to be completed in the near future and will be presented to the community for their input and feedback. The group's efforts are a testament to the power of grassroots organizing and the importance of community involvement in shaping the future of a town.

City seeking volunteers to help with Kansas Sample Festival

The Kansas Sample Festival is a major event in the community and the city is seeking volunteers to help with the festival. The festival is held annually in the city and is a great opportunity for citizens to get involved in their community. The city is looking for volunteers of all ages and backgrounds to help with the festival. The volunteers will be responsible for a variety of tasks, including setting up and breaking down the festival booths, providing customer service, and helping with the overall logistics of the festival. The city is offering a variety of incentives to encourage citizens to volunteer, including a complimentary meal and a certificate of appreciation. The festival is a great way to spend a day in the community and it is a great opportunity for citizens to meet their neighbors and make a difference in their town.

Dual-language instruction may come to an end

Board contemplates whether program should continue

By Dan Smith

The Board of Education is currently considering whether to continue the dual-language instruction program in the district. The program has been in place for several years and has been successful in providing students with the opportunity to learn in two languages. However, the board is concerned about the cost of the program and whether it is still necessary. The board is currently holding public hearings to gather input from the community. The board is expected to make a decision in the near future. The dual-language program is a valuable resource for the district and it is important for the board to make a decision that is in the best interests of the students and the community.

Plains takes another step in gaining grocery store

By Dan Smith

The Plains community is taking another step towards gaining a grocery store. The community has been successful in securing a site for a new grocery store and is now working on the final details of the project. The new grocery store is expected to be completed in the near future and will provide the community with a much-needed service. The community is excited about the prospect of having a grocery store in town and is looking forward to the day when the store opens its doors. The new grocery store will be a great addition to the community and will provide a convenient location for residents to purchase their groceries. The community is proud of the progress that has been made and is confident that the new grocery store will be a success.

The store in Plains is now open in a parking garage area that used to be a vacant lot. The store is a great addition to the community and will provide a convenient location for residents to purchase their groceries.

DINOSAURS INVADING LIBERAL

Planning to Kansas and look to ease of the

The dinosaur statue is a great addition to the community and will provide a fun and educational experience for children and adults alike.
