County's oldest business turns 127

As much as the Southwest has changed over the years, one thing is true: it remains a place of opportunity and growth. The Liberal News, which first appeared in 1886, has been a witness to many of the region's most significant events. From the early days of settlement to the present, it has provided a record of the community's progress and challenges.

The Liberal News has always been a voice for the people, reporting on the events that shape our lives. It has covered the triumphs and setbacks of our community, providing a window into the past and a glimpse of the future. Today, as we celebrate its 127th anniversary, we look back on its long history with pride and appreciation.
