The two-vehicle collision on Highway 101 near the intersection of Highway 101 and Highway 101 on Tuesday afternoon resulted in one person being injured and two vehicles being damaged. The accident occurred at approximately 1:30 p.m. when a white sedan struck a black sedan from behind. The driver of the black sedan was taken to a local hospital with injuries that are not life-threatening. The cause of the accident is still under investigation.

The truancy program, which has been in place for several years, has reported a significant decrease in the number of students who fail to attend school regularly. The program involves working closely with parents and the school district to identify the reasons for truancy and provide support to get students back on track. Over the past year, the program has successfully helped over 100 students return to school.

The Sons of Confederate Veterans are holding their monthly meeting on Wednesday at the local chapter. The meeting will feature a presentation on the organization's history and a discussion on current events. The chapter is open to all interested parties and is a great place to meet and hear from local leaders.

The Annual Stamp Out Hunger food drive is nearing its end. The drive has been a great success, with a large amount of food collected for the local food bank. The organizers are grateful to all the volunteers and donors who made the drive possible. The food will be distributed to those in need over the next few weeks.

National Carriers is looking out for children's safety by providing free car seats to parents in need. The company has donated 50 car seats to the local community center, which will be distributing them to families who cannot afford them. This is a great way to ensure that all children are properly secured in their vehicles.

The Southwest American Red Cross is holding a golf tournament on Saturday to raise funds for the organization. The tournament will be held at the local golf course and is open to all golfers. The proceeds from the tournament will go towards providing relief to those affected by natural disasters.
