SW Guidance Center director talks about state's new mental health plan

By ROBERT FRANK
The new plan for mental health services in North Carolina is a significant step forward, says the director of the Southwest Guidance Center. The plan, which was unveiled last week, calls for a major restructuring of the state's mental health system, including a new state agency to oversee the system.

The plan, which was unveiled last week, calls for a major restructuring of the state's mental health system, including a new state agency to oversee the system. The plan also calls for a new state agency to oversee the system, and for a new state agency to oversee the system.

Grain truck swerves to miss camper

By JEFFREY H. WATSON
A grain truck swerved to miss a camper on a highway in North Carolina last week, according to police. The truck, which was carrying a large load of grain, swerved into the shoulder of the road and then back into the lane, narrowly missing the camper.

Demographer gives school board data on what lies ahead

By JEFFREY H. WATSON
A demographer has provided the school board with data on what lies ahead. The data shows that the school district is facing a significant increase in enrollment over the next few years, which will require additional resources and facilities.

Anticipating growth
Demographer gives school board data on what lies ahead

The demographer's report indicates that the school district is facing a significant increase in enrollment over the next few years, which will require additional resources and facilities. The report also highlights the need for the school board to plan for the future and ensure that the district is prepared to meet the needs of its growing student population.
