Rep. votes 'no' on bill to freeze Common Core

Risk of returning to No Child Left Behind too high

By the House Education Committee, the bill would require states to freeze their current Common Core standards and prevent them from being updated. The bill also would require states to report to Congress on the progress of their standards.

Be Liberal group begins training process

Communities either grow or die, says legislator

By the House Education Committee, the bill would require states to freeze their current Common Core standards and prevent them from being updated. The bill also would require states to report to Congress on the progress of their standards.
