SAFETY, JUNE 12

Traffic cones don't have a chance when it comes to impaired driving

Libera's Libera Police says that making traffic cones safer is a top priority for the department. The department is currently testing a new type of traffic cone that is designed to be more visible and durable. The new cones are made of a high-visibility material and have a reflective surface. They are also designed to be more stable and less likely to tip over. The department is currently testing the cones on several streets in Topeka. The department is currently testing the cones on several streets in Topeka.

City to hear another new housing incentive

The city council will hear another proposal for a new housing incentive program. The program is designed to encourage the development of affordable housing in the city. The program would provide a tax credit to developers who build affordable housing units. The city council will hear the proposal on June 12. The city council will hear the proposal on June 12.
