### Plans for wind farm put on hold

Plans for a wind farm in the area of the former coal mine have been put on hold. The project was originally planned to be a 100-turbine wind farm. However, the project has been delayed due to various factors, including the need for more permits and the current economic climate. The project is still in the planning stages, and the developers are working to resolve the outstanding issues. The project is expected to be completed in the next few years.
