Scenic study shows tourism in Sevier County has \$67.6 million impact

By Tommie Smith
Sevier County has a tourism industry worth \$67.6 million annually, according to a study released by the Sevier County Economic Development Authority. The study, which was conducted by the University of Tennessee, shows that tourism is a major contributor to the county's economy. The study also found that tourism is a major source of jobs in the county. The study was conducted by the University of Tennessee's Center for Economic and Policy Research. The study was released on August 15, 2013.

PANHANDLE COLLISION SENDS AT LEAST ONE TO HOSPITAL

Emergency crews were called to a two-car pileup on Interstate 75 in the Panhandle region of West Virginia on Saturday. The crash occurred on Interstate 75 near the town of Hurricane. The crash involved a white sedan and a red pickup truck. The white sedan was traveling northbound on Interstate 75 and the red pickup truck was traveling southbound. The white sedan struck the side of the red pickup truck, causing it to flip over. The driver of the white sedan was injured and was taken to a hospital. The driver of the red pickup truck was not injured. The cause of the crash is still under investigation.

Huelskamp meets with Kansas hospital administrators

Gov. Sam Brownback met with a group of hospital administrators from Kansas on Friday. The group included representatives from the University of Kansas Medical Center, the University of Kansas Hospital, and the Kansas Children's Hospital. The meeting was held at the Governor's Office in Topeka. The meeting was the first of a series of meetings that the Governor is holding with hospital administrators from across the state. The meetings are part of the Governor's effort to improve the state's healthcare system. The Governor is looking for ways to reduce costs and improve the quality of care. The meetings will continue through the end of the year.
