**Scenic study shows tourism in Sevier County has \$67.6 million impact**  
By Tommie L. Smith  
Sevier County's tourism industry has a significant economic impact on the local economy, according to a new study by the Sevier County Economic Development Authority. The study, which is the first of its kind in the county, found that the tourism industry generated \$67.6 million in economic activity in 2012. This includes \$15.5 million in direct economic activity, \$20.5 million in indirect economic activity, and \$31.6 million in induced economic activity. The study also found that the tourism industry created 1,100 jobs in 2012. The study was conducted by the Sevier County Economic Development Authority and the Sevier County Chamber of Commerce. The study is available for purchase at a cost of \$100.00. For more information, contact the Sevier County Economic Development Authority at 620-626-8888.
