Pot growing trial: DAY 2

Witness reveals location of drug source in corn field

By KERRY BIRCH

Two men found growing marijuana plants in a corn field in the southwest corner of the 100-acre farm owned by the defendant in the case of the 2011 trial. The plants were found on August 14, 2013, at the same location as the plants found in the case of the 2011 trial. The plants were found in a corn field in the southwest corner of the 100-acre farm owned by the defendant in the case of the 2011 trial. The plants were found in a corn field in the southwest corner of the 100-acre farm owned by the defendant in the case of the 2011 trial.
