**Feds consider permit to drill on Kansas wetlands**  
 Federal officials are considering a permit to drill for oil and gas in a wetland area in Kansas. The proposed drilling site is located in the Great Plains region. Environmental groups are concerned that the drilling could harm the wetlands and the wildlife that lives there. They are urging the government to deny the permit.

**Colorado woman in custody after killing suspected pedophile**  
 A Colorado woman is in custody after killing a suspected pedophile. The woman, who was 30 years old at the time of the incident, was charged with first-degree murder. She is currently being held in a local jail. The victim was a 12-year-old boy. The woman claimed that she acted in self-defense. Her attorney is currently working to secure her release on bail.

**Justice Dept to sue North Carolina over voter law**  
 The Justice Department is preparing to sue North Carolina over a new voter law. The law requires voters to show a photo ID at the polls. The Justice Department claims that the law is unconstitutional and is a violation of the Voting Rights Act. The lawsuit is expected to be filed in the next few weeks.

**Kan. agencies warn of algae threat to hunting dogs**  
 Kansas agencies are warning hunters of a potential threat to their hunting dogs. A type of algae has been found in some areas of the state. This algae can be toxic to dogs and other animals. Hunters are advised to avoid areas where the algae is present and to keep their dogs away from the water. If your dog has been exposed to the algae, contact your veterinarian immediately.
