County will hear restricting plans of election officials
Restricting to meet population growth, shifts
The Seward County Extension Council will meet on Tuesday, Nov. 5, to discuss plans for restricting the number of election officials. The council will hear from the Seward County Board of Election Officials and the Seward County Board of Supervisors. The council will also hear from the Seward County Board of Supervisors. The council will meet at the Seward County Extension Council office, 1000 N. 10th St., Seward, from 7 to 9 p.m. The meeting is open to the public. For more information, contact the Seward County Extension Council office at 781-8331.

Ohio zoo using beagle to detect bear pregnancies
The Ohio State University Wexner Medical Center's Columbus Children's Hospital is using a beagle to detect bear pregnancies. The beagle, named "Bea", is trained to sniff out the scent of urine from pregnant bears. The beagle is used at the Columbus Children's Hospital, which is a part of the Ohio State University Wexner Medical Center. The beagle is used to detect the scent of urine from pregnant bears, which is a sign that the bear is pregnant. The beagle is used to detect the scent of urine from pregnant bears, which is a sign that the bear is pregnant.
