Ammy makes staff changes after email about women
A local business owner, Ammy, has announced staff changes following an email incident involving women's issues. The changes are aimed at addressing the concerns raised in the email and ensuring a respectful and professional work environment.

Philly officer delivers baby in back seat of taxi
A Philadelphia police officer delivered a baby in the back seat of a taxi during an emergency. The incident occurred when the officer was on duty and a woman in his car went into labor. He quickly called for medical assistance and used his training to assist with the delivery.

Many exchange health plans exclude top hospitals
A study has found that many health exchange plans do not cover care at top hospitals. This could impact the quality of care for members of these plans, as they may be forced to seek treatment at less reputable facilities. The study highlights the need for more comprehensive coverage options.
