### Crowds relive Washington's 1776 river crossing

A group of people in a small boat on a river, participating in a historical reenactment of the 1776 river crossing. The boat is filled with people dressed in 18th-century attire, and they are navigating through a narrow channel of water. The background shows a wooded area with trees and a bridge in the distance.

### Dallas VA hospital refuses to accept 'Merry Christmas' cards

A person holding a card that says 'MERRY CHRISTMAS'. The card is white with red and green text and a small illustration of a Christmas tree.

Dallas VA hospital refuses to accept 'Merry Christmas' cards. The hospital has a policy of not accepting any cards that are not from the VA system.

### Kansas growers focus on cotton's potential

Kansas growers are focusing on the potential of cotton. The state's cotton production has increased significantly in recent years. Growers are investing in new technology and techniques to improve yields and quality.

The Kansas Cotton Producers Association is working to promote cotton as a profitable and sustainable crop. They are providing growers with information and resources to help them succeed.

Cotton is a versatile crop that can be used for a variety of products, including clothing, bedding, and industrial uses. It is also a renewable resource that can be grown in a variety of climates.
