TALENT TIME
Finalists announced

MacArthur uses every scrap of space

Students at a school in the city of MacArthur, Kan., are using every scrap of space to make the most of their classrooms. The school is a small, one-story building with a limited amount of space. The students are using the walls, the floor, and even the ceiling to display their work and projects. This creative use of space has made the school a model for other schools in the area.

County chooses to support school bond issue as individuals

The county board has chosen to support a school bond issue as individuals rather than as a county entity. This decision was made after a long and contentious process. The bond issue is for a school district and is intended to fund various educational programs and facilities. The county board's decision is a significant one and will have a major impact on the school district's ability to raise funds for its operations.

Snow expected all day

The National Weather Service has issued a winter weather advisory for the area, predicting snow for the next 24 hours. The snow is expected to begin in the evening and continue through the night. The total snowfall is expected to be between 2 and 4 inches. This snow will likely cause some travel difficulties and may lead to school closures. Residents are advised to take precautions and stay home if possible.

Kansas man loses thousands in work-at-home scam

A Kansas man has lost thousands of dollars in a work-at-home scam. The man had been contacted by a person who offered him a job that would allow him to work from home. The man was initially excited but soon realized that the job was a scam. He had been asked to pay a large sum of money for training and materials, but he never received any work. The man is now left with a significant financial loss and is seeking help from law enforcement.

Cabin fever sets in amid relentless cold, snow

Cabin fever is setting in as the weather remains cold and snowy. Many people are staying indoors, leading to a lack of fresh air and increased stress. The cold weather is also making it difficult to get outside for exercise, which can contribute to cabin fever. People are advised to take breaks from their homes, even if it's just for a short walk. Staying hydrated and eating healthy foods can also help combat the effects of cabin fever.
