Kansans targeted by court scams

Opportunity cost
KANSAS CITY — A Kansas woman says she was targeted by a court scam that cost her thousands of dollars, but she says she was not alone. She says she was one of many people who were targeted by a scam that cost her thousands of dollars. She says she was one of many people who were targeted by a scam that cost her thousands of dollars.

Sign-ups for all Pancake Day races begin Saturday

The City of Kansas City is excited to announce that sign-ups for all Pancake Day races begin Saturday. The races are a fun way to raise money for the city's various programs and services. Sign-ups are available at the city's website and at various locations throughout the city.

Hawaii student finds snail in school lunch

PHOTO BY JEFFREY M. HARRIS FOR THE KANSAS CITY STAR
A student at a school in Hawaii found a snail in his school lunch. The incident has caused concern among parents and school officials. The school has taken steps to ensure that all food served to students is safe and free of contaminants.

City turns to new software SMARTGov

The City of Kansas City is turning to SMARTGov software to streamline its operations. The software will help the city manage its finances, track expenses, and improve its overall efficiency. The city expects to see significant cost savings and improved service to its residents.

City of Liberal to convert from Black Bear IT to new system to track all aspects of zoning and code enforcement with SMARTGov software

The City of Liberal is converting from Black Bear IT to SMARTGov software. The new system will allow the city to track all aspects of zoning and code enforcement, making the process more efficient and transparent. The city expects to see a significant improvement in its ability to manage its operations.

Kan. universities could join regional online group

KANSAS CITY — A group of Kansas universities is considering joining a regional online group. The group would allow students to take courses from other universities in the region, providing more flexibility and access to a wider range of courses. The group would also allow students to earn credit for courses taken at other universities in the region.

Opponents surge against wind energy project

Opponents of a wind energy project in Kansas are surging. They are concerned that the project will have a negative impact on the local environment and economy. They are calling for a halt to the project and for more studies to be conducted before any decision is made.

House panel to vote on gun rights measure

A House panel is set to vote on a gun rights measure. The measure would allow for the expansion of gun rights and would have a significant impact on the state's gun laws. The panel's decision is expected to be a key factor in the final outcome of the measure.
