County to get update on prairie chicken listing
By the Staff
The U.S. Fish and Wildlife Service (USFWS) is expected to announce whether the prairie chicken should be listed as an endangered species. The USFWS is currently reviewing the status of the prairie chicken, a bird that is native to the central and southern United States. The prairie chicken is a ground-dwelling bird that is known for its distinctive call, which sounds like a series of "chicken" sounds. Setting on a good AirFair
The local AirFair is set for Saturday, Feb. 22, at the local fairgrounds. The fair will feature a variety of activities, including a parade, a carnival, and a concert. The fair is expected to be a popular event, and is a great opportunity for the community to come together and enjoy a day of fun and entertainment.

LA workers break record for largest concrete pour
By the Staff
A record-breaking concrete pour took place in Los Angeles on Saturday, as workers poured a massive amount of concrete for a new project. The pour was completed in a matter of hours, and is a testament to the skill and expertise of the construction workers involved. The project is a major development in the city, and is expected to have a significant impact on the local economy. The concrete pour was a major milestone in the project, and is a testament to the skill and expertise of the construction workers involved.

No global warming for 17 years 3 months — a Monckton Analysis
By the Staff
A new analysis by a climate scientist suggests that there has been no significant global warming for 17 years and 3 months. The analysis is based on a comprehensive review of climate data, and is a challenge to the widely held belief that global warming is occurring. The scientist, James Hansen, is a leading expert on climate change, and his analysis is widely respected. The analysis is a significant contribution to the ongoing debate about climate change, and is a call for a more balanced and evidence-based approach to the issue.

John Kerry mocks those who deny climate change
By the Staff
U.S. Secretary of State John Kerry has mocked those who deny the existence of climate change. In a speech, Kerry stated that climate change is a real and urgent threat, and that those who deny it are putting the world at risk. Kerry's remarks were a clear message to the public, and a challenge to those who are skeptical of the science of climate change. Kerry's remarks were a clear message to the public, and a challenge to those who are skeptical of the science of climate change.

Endangered person advisory for teenage Mo. girl
By the Staff
A teenage girl in Missouri has been named as an endangered person by the state's child protective services. The girl is believed to be in danger of physical or emotional harm, and the state is working to locate her and provide her with the necessary support and protection. The girl's name has been withheld to protect her identity, and the state is working to ensure that she is safe and well-cared for. The state is working to ensure that she is safe and well-cared for.
