School, city to approve sales tax agreement today

The City of Liberal (population 10,000) and the Liberal School District (population 10,000) are in the process of approving a sales tax agreement. The agreement gives the city and school district a 1.5 percent sales tax for five years. The agreement will be approved by the city council and school board on April 6, 2014. The agreement will provide an additional \$1.5 million in revenue for the school district and \$1.5 million for the city. The agreement will also provide for the city to provide certain services to the school district, including maintenance and security. The agreement will be a significant step in the relationship between the city and school district.
