Liberal man dies in early Sunday morning wreck
A Liberal man died Sunday morning after his car rolled over on the highway near the town of Liberal. The man was identified as Robert J. Smith, 55, of Liberal. He was driving a 2007 Ford Focus when the accident occurred. The car was traveling south on Highway 160 near the intersection of Highway 160 and Highway 160. The car rolled over onto its side and caught fire. Smith was pronounced dead at the scene. The cause of the accident is still under investigation.

Saints salute class of 2014 graduates
The St. Ignace Catholic Church celebrated the graduation of the Class of 2014. The ceremony was held at the church on Sunday morning. The graduates were honored with a special service and a prayer. The church community gathered to support the graduates and their families. The graduates will be attending various colleges and universities. The church community wishes them all the best in their future endeavors.

Maine woman, 80, goes skydiving on Mother's Day
A Maine woman, 80, went skydiving on Mother's Day. The woman, who is a member of the St. Ignace Catholic Church, was accompanied by her family. She was jumping from a plane at an altitude of 10,000 feet. The jump was a surprise for her family and friends. She landed safely and was celebrated by everyone. This was her first skydiving experience. She said she felt amazing and that it was a wonderful way to celebrate Mother's Day.

Family tests Kan. water law, claims impairment
A family in Kansas is testing a new water law. The family claims that the law is causing impairment to their water supply. They are seeking legal action against the state. The law allows for the construction of new dams and reservoirs. The family is concerned that this will lead to a decrease in water availability. They are currently in court with the state. The case is still ongoing.

Kansas considers revised permit for coal plant
Kansas is considering a revised permit for a coal plant. The plant is located in the state and is currently under construction. The permit is being reviewed by the state. The plant will produce electricity and is expected to be operational in the near future. The state is ensuring that the permit meets all the necessary requirements. The plant is a significant project for the state and is expected to create jobs. The state is committed to ensuring that the plant is built and operated in a safe and responsible manner.
