Head-on kills teen

A 17-year-old teen was killed in a head-on collision with a semi-truck on Interstate 70. The teen was driving a pickup truck and was traveling in the same direction as the semi-truck. The collision occurred in the middle of the road and resulted in the teen's death. The semi-truck driver was not injured. The cause of the crash is still under investigation. The family is seeking legal counsel. The funeral home is www.ksli.com.

Heat can be deadly

PHOTO COURTESY OF THE NATIONAL WEATHER SERVICE
A thermometer graphic showing temperatures ranging from 50 to 100 degrees Fahrenheit. The text discusses the dangers of heat, particularly for children and the elderly. Heatstroke is a life-threatening condition that can occur when the body's temperature rises above 103 degrees Fahrenheit. Symptoms include confusion, dizziness, and loss of consciousness. If you suspect someone has heatstroke, call 911 immediately. The National Weather Service provides more information on www.weather.gov.
