College offers CNG tech classes

By David Smith
Columbus' oldest and largest community college is offering a new program in compressed natural gas (CNG) technology. The program is designed to train students for careers in the CNG industry, which is growing rapidly. The program includes courses in CNG engine technology, CNG vehicle inspection and repair, and CNG safety. The program is set to begin in the fall of 2014.

Spanish Peaks flooding forces evacuation of Scouts

By David Smith
A major flooding event at Spanish Peaks on Sunday forced the evacuation of Scouts from the area. The flooding was caused by heavy rain and resulted in several areas being underwater. The Scouts were evacuated to higher ground and are currently staying in temporary quarters. The flooding is expected to continue for several more days.

Hundreds of protests planned this weekend across U.S. over border crisis

By David Smith
Hundreds of protests are planned for this weekend across the United States in response to the border crisis. The protests are being held in various cities and are expected to draw large crowds. The protests are a way for people to express their concerns about the border crisis and the impact it has on the economy and the environment.

For Obama, foreign crises grow more challenging

By David Smith
Foreign crises are becoming more challenging for President Obama. The crises are more complex and involve more countries than in the past. This makes it more difficult for the president to find a solution. The crises are also more costly and have a greater impact on the economy.
